****PLEASE RETURN BOTTOM PORTION BY FRIDAY AUGUST 28****

Welcome to Sports Sewing! Students will learn how to safely sew on a sewing machine, identify textile characteristics, read a pattern, construct quality clothing, and hopefully enjoy the experience! Students will have the opportunity to sew a mask, drawstring backpack/fanny pack, pajama pants, and a project of their choosing.

- Safety is my number one concern at this time. Since this is a “high risk” class, I will be scanning the student’s temperature as they enter the Sewing Lab. It will be the student’s responsibility to clean their space and use hand sanitizer at the beginning of each class period.

Lab Fee \$10

Absences Whenever you are absent you will miss something. It is **your** responsibility to find out what you missed and what you need to do to make up the work. Do everything you can so that you don’t have to miss class.

Grade breakdown: Grades will be based on students showing understanding of the standards.

80% - Assessments

20% - Classwork

State Skills Exam: Students must be in class to take the State Skills Exam and receive a State Skills Certificate in Clothing I (Sports Sewing) by scoring 80% or above. **The test will be held at the end of the semester.** Students will prepare for the test throughout the semester as well as take a few practice tests before taking the actual exam on the computer. A student must let me know ahead of time if he or she is going to be gone that day so other arrangements can be made.

****PLEASE RETURN BOTTOM PORTION BY FRIDAY AUGUST 28****

Sports Sewing Ms. Sandi Hale Sewing Lab

Students are expected to follow all lab rules, respect equipment, respect other student’s projects and clean up after themselves. Failure to do so will result in losing lab privileges.

I will follow the Sewing Lab rules. Failure to comply will result in loss of privileges
