

Musical Performance Course Addendum
Band, Choir, and Orchestra
2018-2019

1. **Citizenship:** As directors, we feel all students are already well behaved until they give reason to believe otherwise; therefore we begin all students with “H” (Honors) Citizenship Grades.
2. **Content:** All South Jordan Musical Performance courses meet the standards and objectives set forth in the Utah State Core Curriculum for Beginning through Intermediate levels.
3. **Late Work:** See the school-wide disclosure.
4. **Concert Performance Attendance Policy:** Absenteeism to concerts cannot be made up for full points unless an emergency or illness occurs. Events such as babysitting, sports, celebrations, religious activities etc. are not excusable emergencies. To request an excuse from a performance requires a personal communication from the parent, received at least two weeks before the concert so an alternate assignment can be completed in time. Alternate assignments will be at the discretion of the individual teacher. Registration for this performance course pre-supposes that our student musicians desire to perform and are personally committed to attend all concert performances.
5. **Grading:** All musical performance courses assign point values to:
 - Participation: Engagement in classroom activities and compliance to rules and procedures.
 - Performance Attendance: See Item 4 above.
 - Skill Assessments: Testing of basic skills
6. **Course-Specific Information regarding auditions, grading, out-of-class practice requirements, extra-credit, & supplies:** See: Band, Choir, and Orchestra additional information sheets.
